

TECHNICAL DATA		Pump type 65series L=430	Art. 852-498
		Pump type 65series L=510	Art. 852-499
		Pump type 65series L=725	Art. 852-500
		Pump type 65series L=950	Art. 852-762
Pump ratio	55:1	Max. air consumption	212 NL/min
Air supply pressure	0,3-0,7 MPa	Operating noise level	- dB(a)
Discharge volume/cycle	- Cc	Operating temp. range	0-80 °C
Max. discharge volume	320 g/min	Bung lock adapter 2" art :	13-8003
Max. discharge pressure	40 Mpa	Weight	type L=430 3,8 Kg
Max. Viscosity (pressed suct.)	~1000 Pa.S	Weight	type L=510 4,2 Kg
		Weight	type L=725 5,8 Kg
		Weight	type L=950 7,6 Kg
Caution! Data based on NLGI No.0			

Accessories as drum covers, follower plates, grease guns and grease hoses are available.
